## Lenore Frances Spinelli

While attending Drexel University, Lenore decided to focus on residential design. Inspired by the years of visiting the local designer show houses in South Jersey, she developed a passion for transforming spaces to fit the vision of a person's or family's lifestyle. Her mission is to make your home your favorite place to be.

Since the beginning in 2002, Lenore Frances Interiors has served clients in the South Jersey towns of Mt. Laurel, [Cherry Hill](#), [Moorestown](#), [Haddonfield](#) and [Hammonton](#) as well as West Chester, and Downingtown, Pennsylvania.

Lenore Frances Interiors (LFI) participated in four designer show houses benefiting Our Lady of Lourdes Medical Center & Lourdes Medical Center of Burlington County, and the Historical Society of Hammonton NJ. LFI won two people's choice awards for the design of the [Guest Bathroom](#) for the Hillman Estate in Haddonfield NJ and the design of the Morris/Azzara [Home Theater](#) in Hammonton NJ. Both of these designs have been featured in the Philadelphia House & Home Magazine and Design NJ.

## LFI Team – What We Do

- Interior Design – from consultation to turn-key design and execution so you never lift a finger
- Project Management done-for-you because few clients have the knowledge and resources to coordinate and supervise an entire project with hundreds of moving parts and team members
- General Contracting with our proven team known for the ultimate in quality
- Architecture that enhances your current home
- Decorative Painters to customize your space with warm and luxurious faux finishing or murals
- Organization of your most challenging spaces so everything is where it should be

The design of your home is and should be all about you, your family, and your [lifestyle](#) and how you want to live in your personal haven.

When you work with our firm, we are your professional guide, coach, and collaborator to help you navigate through the complexities of the [design process](#).

You may choose to do some of the work yourself; or you may prefer to engage us as your advocate to design and manage your project so you can achieve the perfect result without having to do the work yourself. Either way, our goal is to give you the home you want by carefully listening to your [needs](#), becoming very familiar with your tastes and lifestyle, creatively attending to the smallest of details, and being a good steward with your design [investment budget](#).

Providing excellent client service is a top priority for our firm, and how you feel about the process and working with us is exceptionally important.

If you are purchasing a [“new” home](#), we are the only interior design firm that provides time saving, stress relieving [Smooth Transition](#) services to assist you before you move into your new home. We provide pre-move, move day and post-move day services to reduce the stress and feeling of being overwhelmed during the moving process and get you settled in days instead of months.
